
FUNDED PARTNER DIRECTORY

A Directory of Services Provided by the Funded Partners of
Methodist Healthcare Ministries of South Texas, Inc.

SUMMER 2012

ABOUT THE DIRECTORY

This directory was developed in response to numerous inquiries for more detail about the funded partners of Methodist Healthcare Ministries. It is intended to serve two primary purposes:

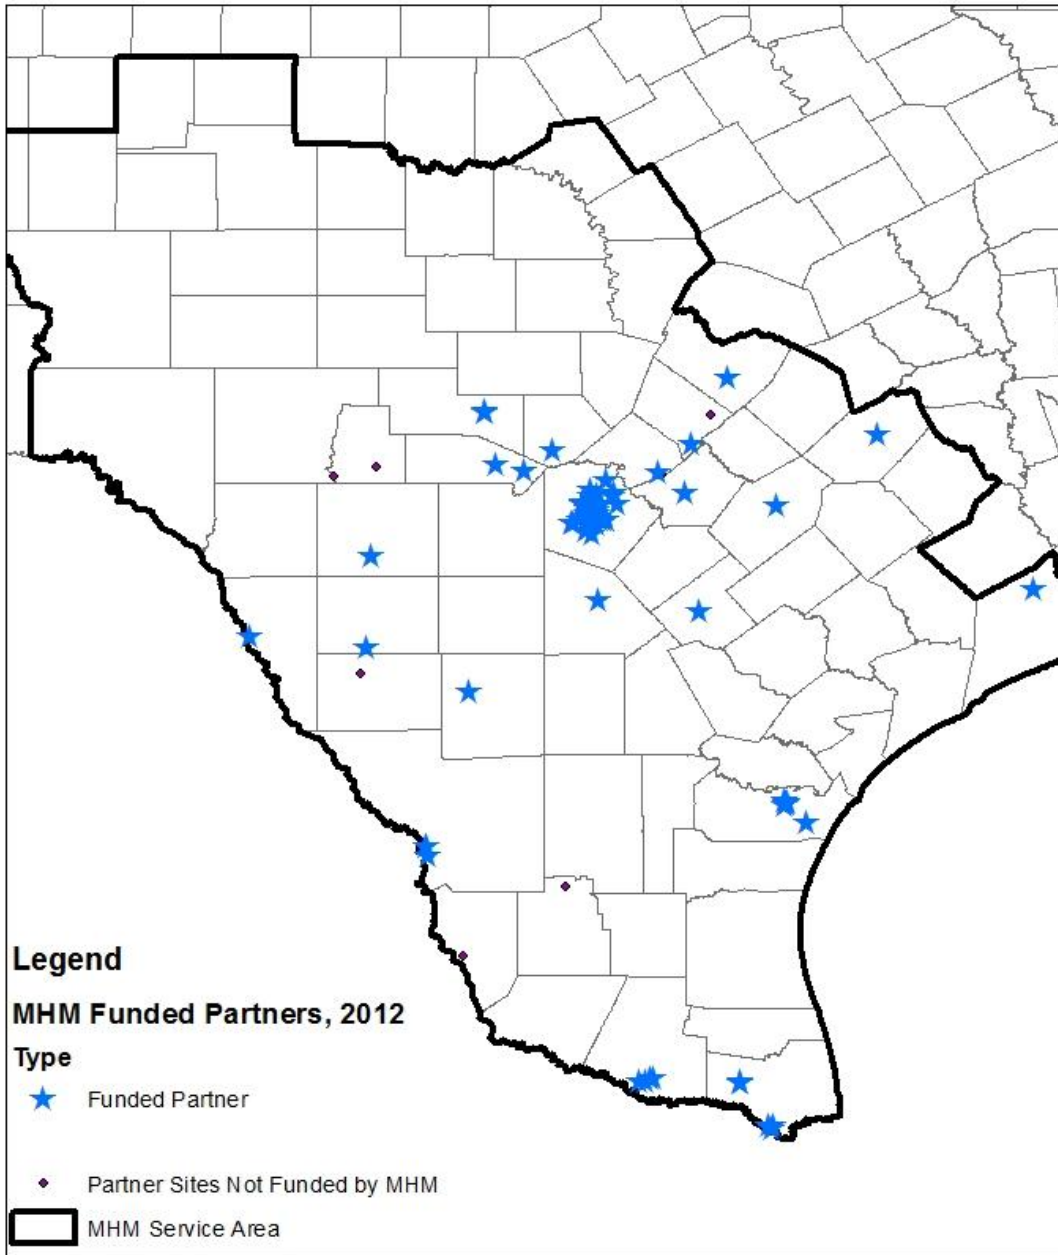

- Provide information about all services of each partner organization, as a reference for those wishing to make referrals
- Provide information about which programs MHM funds.

Organization sites are listed by County, then alphabetically by organization name within each county. A cross-reference by type of service is found in the back of the directory, for those seeking specific types of services.

All information about programs other than MHM-funded programs was obtained directly from the partner organizations. Listing of non-MHM-funded programs was optional. MHM does not fund all programs listed in this directory.

The directory was developed by MHM staff in the Spring of 2012 and Web-published in Summer 2012. If you have questions about the directory, please contact Anne Connor, Community Grants Director, aconnor@mhm.org, or Katrin Ludwig, Grants & Research Manager, kludwig@mhm.org.

Health Education/Wellness
Mental/Behavioral Health
Program Description The Center for Community Wellness was completed in 2012. The new Campus includes the Wellness Center, a fitness center and the new administration building. The Wellness Center houses the agency's Oral Health Department which includes ten (10) dental operatories that support the agency's three dentists and registered dental hygienist. The Wellness Center also includes a Teaching Kitchen and Classroom for nutrition education and disease management. The agency is currently seeking funding to provide Mental/Behavioral Health services at the Wellness Center. The new fitness center has an indoor walking trail, cardio equipment (treadmills, elliptical machines, and stationary bikes), an upper body ergometer, circuit training, weights, and an aerobics room. The Children's Play room has stationary bikes connected to a PSP which requires children to peddle the bikes in order to play video games.
